The New Soft Drink

Steaz Tea Soda

Sweet, bubbly, flavorful soda with health benefits... sounds impossible, or more like a dream come true! The Healthy Beverage Company has created "Steaz Green Tea Soda", a deliciously sweet and indulgent drink. The first carbonated beverage to carry the new USDA Organic Seal, with absolutely no artificial flavors, colors or preservatives. Translation... you can read the label and actually be happy with what you see. Each 12 ounce bottle contains one full cup of organic Ceylon green tea, which offers abundant health benefits complete with antioxidants like polyphenols, flavonoids and catechins. Steaz is micro-brewed with old-fashioned tradition in a 100 year old organic brewery in Pennsylvania. The eleven delightful flavors make it hard to choose which one to start with: cola, raspberry, lemon dew, orange, key lime, root beer, ginger ale, grape, diet black cherry, diet lemon lime and diet cola. My recommendation? Buy one of each and have a Steaz tasting party. You won't be disappointed, this is good stuff! For more information you can call The Healthy Beverage Company directly at 215/321-8330 or visit www.steaz.com. -LT
